

Statements and letters of support for the reinstatement of Pete Radcliff

Joint letter by officers and members of Broxtowe CLP

Dear Iain

We, the undersigned members of Broxtowe CLP, call on the NEC to restore the membership of colleagues who have been expelled for allegedly being active supporters of the Alliance for Workers' Liberty, most specifically Pete Radcliff, the former elected chair of this CLP at the time of his expulsion, who was denied any hearing or any chance of answering the charge made against him. He is a long serving and dedicated supporter of the Party, including during the recent election campaign, and deserves to be reinstated without delay.

The same goes for Liam Conway and Vicky Morris from Nottingham East, who have also made major contributions to the recent election campaign in our constituency and over a great many years, and we are sure to other members of AWL in a similar position.
